Project contact: Melissa Green – groundworktrails@gmail.com

Food and Water:

- **Food:** Gila BCH homemade vacuum-sealed meals (breakfasts and dinners) will be available for this project. We can accommodate meat eaters, vegetarians, and some gluten-free diets. But you can also bring your own breakfasts and dinners if you prefer.
 - o Everyone will need to provide their own lunches and snacks.
- **Water:** Please bring water for the backpack to basecamp. Once at basecamp, will filter water from the Mimbres River.

What you will need to bring: See packing list below – last page

We will provide: Tools, hard hats, trail and safety training, project supervision, and first aid kit with Wilderness First Responder trained personnel.

Phone service: Spotty cell service at the trailhead. No cell service along the Mimbres River.

Vehicle Requirement: 2wd medium clearance unless the road is muddy

Elevation: 7000 - 7600

Nearest Town: Silver City- has a hospital. Mimbres/San Lorenzo is closer but only has a small urgent care with limited hours

Weather: Be prepared with layers. Rain is possible. Mornings and evenings may be chilly. Days will likely be warm.

Why These Trails: These trails were affected in the 2022 Black Fire. They can be a great way to access the Aldo Leopold Wilderness without having to drive on the narrow and bumpy FS 150 road.

Directions: From Silver City: Take 180 east about 7.5 miles to hwy 152. Take a left onto hwy 152 and travel about 14 miles to hwy 35. Take a left on to hwy 35. Stay on hwy 35 until just past mile marker 15. Turn on to forest road # 150. Travel on this dirt road for 7.8 miles. Turn right through a big parking area/pull off. There are 2 signs at this turn. One is a big brown forest service sign that Mimbres River and Continental Divide trail (turn right arrow). There is also a hiking sign with # 77 above. **Do NOT turn off on an earlier road that says Mimbres River.** Take the side road through the big pull-off parking area. Stay on this road .3 mile. This section is graveled. After this the road becomes worse and is not graveled. This is where you will need a medium-clearance vehicle. Continue on the road .5 mile to the trailhead and corrals. This is where we will be meeting. (the medium clearance part of the road is not very bad)

Schedule:

Schedules are flexible and dependent on the condition and energy level of the volunteers. Frequent breaks are encouraged. Gila BCH encourages volunteers to work within their limitations and take care of themselves during the project. Please check the weather in your project area prior to leaving for the project and pack accordingly.
